

Simple Design. Durable Construction. Low Cost.

## Refrigeration Features

- Liquid Line Filter
- Liquid Line Spy Glass
- Liquid Receiver
- High Pressure Switch
- Low Pressure Switch
- High Pressure Sensor
- Compressor Regulating Valve
- Evaporator Regulating Valve
- Thermal Expansion Valve with sensor bulb
- Discharge and Suction Vibrasorbors
- Safety Valve on Liquid Receiver
- Hot Gas Defrost Coils
- Liquid Injection & Compressor Temp Control
- Condensate Drain Line Heater
- Four Condenser Fans
- Three Evaporator Fans

## Electrical Features

- Electronic Copeland Scroll Compressor
- Remote XR75CX Dixell Controller
- Control Box Heater
- Electric Heat Coils
- Electronic Condenser Fan Speed Regulator
- Voltage Regulator & Transformer
- Internally Fused
- 230/3/60hz or 480/3/60hz
- ±10% Voltage tolerance

## Construction Features

- Wall mounted
- Single Piece Construction
- All Weather Construction
- Painted Steel Sheet Material
- Fixed Electrical Plug on Exterior

## Warranty

- 1 year full coverage
- 2 year full parts coverage
- 4 year compressor warranty

## Technical Specifications

Evaporator CFM	4700
Condenser CFM (max)	3300
Compressor H.P.	10
Compressor BTU	8000 - 78000
Refrigerant	r404a
Weight	602 lbs
Working Range	-15 to 50F
Cooling Volume	3000 cubic feet
Air throw	60 feet
